

Election of General Secretary

Watford Branch Nominates

MICK CASH

“Lets continue to be a fighting, campaigning, democratic and member led union”

Five years ago Watford branch nominated Mick Cash for the position of General Secretary.

We believe that Mick has delivered on what he promised he would do.

Over the past five years we have continued to progress as a union and delivered together:

- A fighting union that defend jobs, protects and enhances our members pay and conditions.
- A campaigning union that has put safety, public ownership and investment in our transport services centre stage.
- An organising, educating union that builds on our growing membership and financial strength to ensure no one is left behind.
- A democratic and member-led union where *everyone* has their say and sets out the work programme and priorities.

Mick has over 40 years of membership of our union having joined the union at the age of 18 as an S&T track worker.

He has represented our members at all levels over this time. For the last 16 years he has served as Senior Assistant General Secretary and more recently General Secretary.

Mick has a **solid** track record of delivering for our members and of responsible stewardship of our great union. He has **proven** that he can be **entrusted** with leadership of the RMT and to fight for the interests of all our members

Mick's aim as General Secretary is to keep our great union pushing forward for all members.

We respectfully ask for a supporting nomination

Chair 
Simon Barker

Nominee
Mick Cash

Secretary
Stewart Cameron
